

Recommendation Letter

I am glad to endorse the graduate application of Mr. Sagar Kallimani to your reputed university. I am Challa Rohit, Academic head at AcmeGrade Pvt. Ltd. I have had multiple opportunities to assess his academic and extracurricular performance. He is a bright and assiduous student and I am confident that given an opportunity, he will make the most of it.

During his two months of training and internship in Web Development with our organization he quickly gained his mentors attention and the mentor was impressed with his extraordinary interpersonal skills, presentation and planning skills.

Sagar is an industrious student with the right combination of technical, analytical, and research talent along with a zeal for lifelong learning. He is an extremely capable student with the aptitude, knowledge, and skill to excel in his field. He also clearly possesses a desire to not only learn, but also to constructively apply his learning outcomes to work on challenging projects. I am certain that these characteristics will make him an asset to your institute. Thus, I firmly support his application for his Master's studies at your esteemed institution.
